6	Annual	0 - 35,580	35,581 - 44,475	44,476 - 53,370	53,371 - 62,265	62,266 - 71,160	71,161 - over
7	Annual	0 - 40,120	40,121 - 50,150	50,151 - 60,180	60,181 - 70,210	70,211 - 80,240	80,241 - over
8	Annual	0 - 44,660	44,661 - 55,825	55,826 - 66,990	66,991 - 78,155	78,156 - 89,320	89,321 - over

For each additional household member add \$4,540 to annual income
 Sliding fee scale based upon total gross household income and the number of persons residing in the household.
 The pharmacy sliding fee scale is applied to the pricing of all legend drugs that do not qualify for promotional pricing

	Cap Price	Dispensing Fee
Sliding Fee A	\$90	\$35
Sliding Fee B	\$80	\$30
Sliding Fee C	\$70	\$25
Sliding Fee D	\$60	\$20
Sliding Fee E	\$50	\$15
Sliding Fee F	\$40	\$10

Base Pricing Formula= ((Average Wholesale Price - Acquisition Cost) * (1-Sliding Fee Discount %))+Acquisition Cost)

Cap price:the maximum price paid for a prescription unless the acquisition cost exceeds that amount

Dispensing fee: the nominal amount added to the acquisition cost of the medication in the event cap price exceeds acquisition cost
